Enter your message:

Hello Support, help me i am seeing glitches in the screen of my phone when i start the browser

Interact with Llama2 Model

Interact with Llama3 70b Model

Summary: Customer is experiencing glitches on their phone screen when opening the browser

Script: I apologize for the inconvenience. Can you please try restarting your phone and see if the issue persists?

Sentiment: 50

Complete: false

Notes: Customer is experiencing technical difficulties with their phone

Duration: N/A seconds

Mail Draft:

Here is a refined version of the email:

Dear Valued Customer,

Thank you for reaching out to us about the issues you're experiencing with your phone screen when opening the browser. We apologize for the inconvenience this has caused and appreciate you bringing it to our attention.

To help troubleshoot the problem, could you please try restarting your phone and see if the issue persists? This simple step may resolve the glitch and get your browser functioning properly again.

If you have any further questions or concerns, or if the issue remains after restarting your phone, please don't hesitate to let us know. We're here to assist you and appreciate your feedback.

Thank you for your patience and cooperation.

Best regards, Support Team
